

# Horticultural Silver Sand

Lime free washed fine grade silver sand

## Ideal for:

Mix with composts for seed sowing

Mix with composts for root cuttings

Marking out seed beds

Greenhouse capillary benches

### Adding to composts

Horticultural Silver Sand helps drainage and aids aeration in seed composts. It helps create a more open-textured compost.

### Marking out seed beds

Horticultural Silver Sand is ideal for marking out seed beds. This will allow you to plan where the seeds will be sown.

### Other useful tips

1. Cover pots or trays of sown seeds with a fine sprinkle of sand to prevent seeds from drying out as they germinate.
2. Perfect for planning where you want your seeds to be sown.

### Pack size

Our Kelkay Horticultural Silver Sand is available in Large and Handy Pack sizes to give you just the right amount to help you complete your job.
